Petition To Advise The Westchester County Board of Legislators To Say “NO” to the Land Swap That Would Locate the massive WJWW Water Filtration Plant Within the Kensico Watershed. PEPA is urging the Westchester County Board of Legislators (County BOL) to reject a proposed land swap with Westchester Joint Waterworks (WJWW) to construct a massive industrial plant within the protected Kensico Reservoir Watershed.

How can you participate?

1. Sign the Online Petition by scanning the QR code.
2. For More information read “Background” below and review the FAQ on PEPA’s website at www.papurchase.com

Background

Westchester Joint Water Works (WJWW) is proposing to **build a massive water filtration plant within the Watershed** on property owned by Westchester County located in the Westchester County Airport (the “Airport Site”).

However, **WJWW already owns a nearby parcel** located at 12 Stone Ridge Road that is located outside of the Watershed on which the plant should be constructed (the “**WJWW Property Site**”). It is irresponsible and illogical for WJWW to build the filtration plant within the protected Watershed when WJWW owns an alternative location outside the Watershed that is a preferable site for the plant, especially since **no parties object to the WJWW Property Site**, including PEPA, Purchase Quakers, The neighboring property owners, and Sylvan Development Corporation, which owns the property bordering 12 Stone Ridge Road

Additional advantages of the WJWW Property Site include:

- The WJWW Property Site was purchased by WJWW in 2002 for the **express purpose of constructing a water filtration plant!**
- It does not require a land swap with the Westchester County or approval from the FAA
- **It does not deforest over 6 acres of property fronting on Purchase Street**
- It does not create **more impervious surface** in the Watershed
- It does not **negatively impact the residents** living near the Airport Site or the Purchase Quakers
- It will not result in a **huge industrial plant visible from Purchase Street** at the gateway to Purchase
